Dear SAT Proctor,

You have received this letter because you have requested that one of our students clear his or her calculator before or during the SAT mathematics section (with calculator). We have advised our students not to clear their calculators during the math section of the SAT. We would like to remind you that you are not authorized to require students to clear their approved calculators. As per the College Board website, "You won't be required to clear the memory in your calculator." Please record our student's refusal to clear his or her calculator in a report and see this website for more information: <https://collegereadiness.collegeboard.org/sat-subject-tests/taking-the-test/calculator-policy>.

We appreciate the important job that you are doing and understand your interest in administering the test fairly. Thank you for understanding that we are simply protecting our student's rights as a test-taker.

Sincerely,

Ivy Educational Services
